

At the MCB-I / MCB-9 reunion in Saint Charles, MO, 2010, a vote was taken by the MCB-I veterans for the battalion to support the new Seabee Museum at Port Hueneme with a commitment to raise \$10,000 through individual pledges and donations from MCB-I veterans. The Museum will tell the story of all Sea bees so that all future generations can see what Sea bees have done and CAN DO.

All MCB-I Sea bees are asked to support this effort to the extent you can. You will notice that the enclosed pledge card allows you to spread a commitment over a period of up to five years. Your donation is tax deductible and you will receive a letter from the CEC/Seabee Historical Foundation acknowledging your donation. You will note that your check should be made out to the Foundation, and mailed to Wally Johnson.

MCB-I joins fourteen other battalions in supporting this effort. Our support will be acknowledged in a permanent display at the entrance to the new Seabee Museum.

Please pass the word to your friends and other Sea bees to join us in showing that MCB-I understands what CAN DO can accomplish.

If you have any questions, don't hesitate to get back to me. You can reach me at seabeemcbl@msn.com or 781-837-0393.

Thanks!!

Peter Dowd
